SALVATION ARMY HAS CHRISTMAS DINNER PLAN
Would See That No Deserving Family Is in Need That Day.

Now that the Salvation Army Christmas dinner effort has begun in earnest Captain and Mrs. Wilbur feel very anxious about every unfortunate and deserving home in Norwich and they hope that not one home in need will be overlooked.

Christmas, a day that means so much to the world at large and what it means to our own peaceful nation at the present time when, quoting the words of Captain Wilbur, "such exceedingly great trouble is filling the homes beyond numbers in other lands across the sea."

Captain and Mrs. Wilbur believe it is their duty for Norwich to give the unfortunate deserving poor and needy of our city one of the most cheerful and happy Christmas times that they have ever experienced.

A greater effort is going to be put forth and a greater sacrifice made to reach every deserving home. Captain Wilbur says: "The unfortunate who will be convinced that they have not been forgotten or neglected in their hour of sorrow need not be troubled."

Remembered and ministered unto in his name," Captain and Mrs. Wilbur appeal to the generous citizens of Norwich to set in the way of money, donations of chickens, vegetables and fruits of all kinds.

Different plans for the raising of money will be carried on, such as the soliciting pots on the streets, soliciting the needy and needy citizens. The Salvation Army would like to raise \$1,000 to be applied to the Christmas effort and the relief work and for the general running expenses.

Captain and Mrs. Wilbur firmly believe that Norwich will not fail them, but will respond to their appeal and generously to their appeal. Donations may be sent to Captain E. W. Wilbur, 61 Otis street, or those wishing to aid may send to the captain's telephone number.

For the Down and Outs.
Hot coffee and sandwiches will be served free to the poor and hungry Saturday night at the Gospel Mission in the Steiner hall 265 Main street.

Mothers, fathers and children, who are co-workers with Captain E. W. Wilbur, did noble work last winter every Saturday night with the cold and hungry and the poor and needy, serving them with hot coffee and food free. Many of them were made happy and comfortable and some were helped not only materially, but helped morally and spiritually, thanking their Creator that they strayed into the Gospel Mission, for it was the means of their start on the way to Heaven.

The leaders are anxious to do more for the unfortunate this winter than last.

The Sunday schools of the diocese have contributed for the erection of the church, the people have given liberally, and their zeal has inspired others to help. Money for the furnishings is all pledged, excepting "the new and carpets."

The church in Pomfret, Rev. Mr. Irwin, took up a collection to forward the furnishings that amounted to over \$75.

The plans call for a structure 34x58 ft. The first story will have a basement only built, now, the same to be roofed over temporarily, but the diocesan authorities were so pleased with the progress made that they guaranteed to stand back of the financial investment.

The corner stone was laid Saturday afternoon, October 10, at four o'clock, by the Rev. Archdeacon Brown of Trinity church, Norwich, assisted by Rev. James H. George, Jr., rector of St. Albans church, Danielson, and the minister in charge of St. Paul's and Rev. Mr. Knell of Brooklyn.

FRANCE IN EUROPEAN WAR

Frank Edward Johnson Speaks Before Central Baptist Men's League—What He Saw After Mobilization Orders Had Gone Forth—Germany's New Map of Europe.

When he last shot himself at the head of his troops on September 19th.

The Germans had not counted upon the resistance of the Belgians or the strategy of General Joffre the tactician.

The speaker gave his estimate of the men in the German army, 8,000,000, Russia 8,000,000, France 4,000,000, Great Britain and her colonies 2,000,000, but this did not mean all actually on the firing line.

He was much affected as he paid tribute to the heroism of the French women, whom he had seen but goodbye to 2,500 husbands, brothers, sons and sweethearts at Pau, when the mobilization orders were issued. For 2,000 of these men, that was the last time they ever saw their homes, for they were sent to the front and suffered heavily in fatal casualties.

Four and a half million men in France in the first two months of the war. In the first 24 hours after mobilization orders and this was carried on without disorder, although the army was not fully equipped and suffered heavily in fatal casualties.

Mr. Johnson spoke of the way the aeroplanes cooperated with the artillery in locating the enemies' batteries, circling over the front where a hidden battery is discovered and dropping rockets in the day time, or by night, at night, he said there had been terrible losses in the aviation corps on both sides.

He mentioned the way the Germans were ordered to march over the front where the French expected them to sink in the marsh, but it turned out to be a trap, and the Germans were placed there by German engineers, who had surveyed the pace under pressure of taking samples for a pest company.

Touching upon the subject of the wounded, he said that the Germans were bearing from 1,000 to 1,700 were constantly arriving and were given the right of way, but even with this aid, the wounded were not always taken care of. He said that a train load of wounded could get from the front lines to the rear where the wounded could be cared for.

The German wounded are given the same treatment as the French. He told of a French soldier in a French hospital who had to be given ether so that he could be bathed and when the man's wound was healed, he was sent to the front. He said that he was a member of the hospital staff to find that he wore a cord about his body on which were strung a collection of human ears, ears which he had seen, from men the Turoc had slain.

In conclusion, Mr. Johnson spoke of the leading cause of the war, which he had seen, indicating what they had expected would be the changes after the war. Germany's territory north of Petrograd and down along the Gulf of Finland, Belgium was wiped out, only a little of the south of France was left. Russia was labeled as a German protectorate, with London as its capital, and Ireland, Wales and Scotland were annexed.

Election of Officers.

ney lakes, the Giant's Causeway, were visited and the trip over the mountains made. Scotland was equally interesting, and historical and scenic familiar haunts were explored. Most of the time was spent in London. Tickets were bought for Paris and sold the next day on account of war breaking out. The steamer home was chased one night by a war vessel, but escaped without excitement.

Mrs. Samuel H. Howe then gave a report of the Ten club teas, which have been held at the Parsonage Parish house work this fall and which have amounted to \$72.30, but are not yet completed. The treasurer, Miss Edna W. Avery, followed with a report of the Festival of Days, held on Dec. 1st by the Parish House association. Her report gave the amount received from this sale as \$381.52.

Mrs. Henry T. Arnold gave a most entertaining account of her experiences in Berlin during the first month of the war. There was no disorder, but the processions all night long of crowds of women, carrying and asking for war and later the tramp, tramp of the soldiers and the music of the three war hymns became depressing. Several thousand captures of Russian spies were witnessed by her. The American embassy was overworked in doing all it could for stranded Americans. After two weeks special trains for refugees were run twice a week to Holland. She described the difficulties encountered in taking one of these trains and the discomforts on the long journey to The Hague—twice the ordinary length of time. Even in Holland there was the same tramp of soldiers and strains of martial music.

A pleasant encounter resulted in her visit to the home of a noted Dutch lady and a new boat made possible her speedy and comfortable journey across the Atlantic. Refreshments were served by the social committee, Mrs. Charles W. Prentiss, Mrs. Edward W. Wilson, Miss Fannie L. Bliss and Miss Annie E. Vaughn. A few more articles left from the sale were disposed of and will add \$10 or more to the previous amount.
